# About Us

Hoedspruit Glass & Home is a well-established glass & aluminium company using products that are SABS approved, according to standards set by the South African Glass & Glazing Association and strictly within South African Building Regulations. Our manufacturers are highly reputable and some of the biggest players in the market. The company has been in Hoedspruit for over 25 years.

We have spent time to partner with pioneering companies in the industry to be able to deliver standard products as well highly customised glass & aluminium projects.

We attribute our success to the commitment from management and our dedicated professional installers. We make sure that all our jobs are expertly scoped, managed within traditional project parameters and signed off with customer satisfaction in mind.
